Rhoddodd y Clerc adroddiad ar lafar am Gynllun Buddsoddi Canol y Dref yn dilyn cyfarfod a gynhaliwyd ar 21ain Mai. Cwblhawyd amryw o arolygon (topograffig, strydlun, deunydd gwasanaethau, anghenion parcio) i archwilio a fyddai'r cynigion cychwynnol yn gweithio, a'r cam nesaf oedd cael arbenigwr i baratoi cynlluniau.

Fe osodir cafnau blodau / seddau mewn mannau strategol ar hyd Ffordd yr Orsaf a gwelliannau i gwrt blaen gorsaf y rheilffordd. Sefydlwyd yr elusen i gynnig benthyciad o wisg prom i'r rhai nad oeddynt yn gallu fforddio gwisg o'r fath, ac felly yn colli allan ar fynd i'w prom. Bu'r elusen yn dioddef o lwyddiant ei hun gyda llif o wisgoedd newydd a dderbyniwyd ganddynt (tua 1500).

experience high speed driving in a controlled environment, and to also demonstrate engineering to the pupils.

In regards to the 'green initiatives', Motorsport UK were awarded the 'Accreditation for Excellence' for their Environmental Sustainability by FIA (world governing body for motorsport), by undertaking such work as: reducing the fuel consumption of officials, providing 'green driving tips' to spectators, ensuring no pollution occurs in waterways they pass by; undertaking ground testing at their service park to check for pollutants.

***Resolved to note the response and to request that the Clerk contacts Rachael Gill, Events Conwy, regarding the proposed town centre activities and to request that they consider the possibility of having electric vehicles on display in town.***

***Resolved to note the correspondence and await proposals in due course.***

## 19/19 Conwy County Borough Council:

**(a) Play Equipment**: The Clerk submitted, for consideration, a response from Bryn Shiland regarding the lack of expenditure on play equipment repairs/renewals in 2018/19. The Clerk reminded Members that £17,500 is budgeted by the Town Council each year towards replacement/renewal of play equipment. As £30,000 was committed last year, but not yet spent by CCBC, there is now £47,500 committed this financial year.

It was noted that a report will be submitted after a full inspection of all play equipment in May, after which a schedule of works, based on the risk assessments, would be generated to show which playgrounds/equipment across the County should be prioritised. The CCBC budget for play equipment this year is £214,000 and Members expressed concerns that the £47,500 from the Town Council would enable this to be dispersed throughout other areas of the County. Members requested that the Clerk contact Bryn to confirm that the priority works, including Colwyn Bay, should come from the CCBC budget, after which the Town Council committed amount could be used to cover other non-priority improvements to play equipment within the Colwyn Bay area.

Cllr C Hughes reported that he had received an update regarding the Rhos site and that funding from private investors, in-house (CCBC) and from the Welsh Government had been looked at, but at the moment no money had been identified. The redevelopment of Rhos Point (from the car park/Abbey Road north) is still in development. It was queried whether the Paddling Pool surfacing works would be completed by summer, and whether the £6,000 would be enough to complete the works.

***Resolved to request the Clerk confirms with Bryn Shiland that the Paddling Pool works will be completed by the end of the month, as stated in his email.***

***Further resolved to request the Clerk confirms with Bryn that CCBC budget is used first on all urgent repairs to playground equipment across the County, before the Town Council's additional funds are used.***

**(b) Town Centre Investment Plan:**

The Clerk gave a verbal report on the Town Centre Investment Plan following a meeting on the 21st May. Various surveys had been completed (topographical, street-scene, utility apparatus, parking requirement) to investigate if the initial proposals would work, and the next stage was to procure a consultant to draw up plans.

The following timeline had been discussed: the infrastructure concept was to be shown to the Bay Life Board on 25th June; the plan would then be brought to the Town Council before being shared in a public consultation in July/August. Welsh Government funding would then be sought in September.

The aim is for one-way system to get traffic circulating around town; with wider pavements and raised humps to allow people to cross and to calm traffic. There would be strategic placement of planters/seating along Station Road and improvements to the station forecourt. The underpass to the Prom would be included with potential art installations to create a 'shared space' feel.

There had been a discussion about Town Centre maps at key locations, e.g. bus stops and at the station; Gateways signs had also been discussed, together with potential images of the area.

An update had also been given on other linked projects: 7 Abergele Rd (AA Cash & Carry) was expected to be completed by September, with office accommodation and retail space; Imperial Buildings – planning for 21 residential units and 3 new commercial (plus 2 existing) with Welsh Government application expected next

month for grant and town centre loan monies; Market Hall site – expressions of interest being driven by residential use at the moment. Potential to swap with Princes Drive to get better located parking for town centre; Street Market – consent renewed ready to go out to find private operator. There will be a condition attached to ensure consistency of appearance.

***Resolved to note the Clerk's report.***

## 20/19 Office IT:

**(a)** The Clerk gave a verbal report regarding a recent issue with an old e-mail account which was compromised in early May via the Livetech server. With help from Microshade and Livetech the issue was resolved but did highlight that the current anti-virus protection (Microsoft Essentials) installed on the office computers is no longer supported and now not fit for use.

**(b**) The Clerk submitted, for consideration, a quotation to upgrade the anti-virus protection on the PC and laptop to Kaspersky, at a cost of £6pm (managed/ monitored by Microshade, the Council's existing IT services provider) and a recommendation to upgrade the admin desktop PC to Windows 10.

The Clerk also submitted information about standalone Cyber Security Insurance for local councils, at a cost of £299 per annum, which included 10 x Avast commercial grade anti-virus software licences. Members discussed whether the additional insurance was required, especially considering a response from Zurich, the Town Council's current insurance provider, which suggested that extra insurance (against cyber-crime) was not necessary.

***Resolved to request the Clerk upgrades the anti-virus protection to Kaspersky, via Microshade, at a cost of £6pm.***

The Clerk further reported that the desktop PC required upgrading to Windows 10 by January 2020 and a quote from Computer World for £25 had been obtained. However, this had increased to £170 when the PC went into the shop, due to a faulty hard drive, poor memory space and broken USB ports. As a new PC was only £399, the Clerk reported to the Committee that she had used her delegated powers to purchase a new machine, with increased memory and including the Windows 10 upgrade.

**26/19 *ADDITIONAL URGENT ITEM:* Rear Annexe / 'Prom Ally'**

As an additional item, the Clerk sought members' views on an urgent request for temporary storage space, received earlier today. The Clerk advised Members that a request had been received from a small local charity (via CVSC) for some temporary storage space while they were awaiting conversion to a CIC and grant funding to expand/obtain permanent premises.

The charity had been set up to provide the free loan of prom dresses/suits to those who are unable to afford an outfit, and who would otherwise not be able to attend their prom. The charity had since been a victim of its own success and been inundated with donations of new dresses (approx. 1500).

The Clerk advised Members that there was a vacant room in the rear annexe (first floor) which could be used, and that the Charity also hoped to apply for a

small grant to cover the operational (NNDR/heating/electricity) costs.

Members were supportive in principle, but agreed that NNDR must be covered and that the charity must have its own insurance.

***Resolved to request the Clerk sends the owner an application form for a small grant and seeks confirmation that they will be looking for a permanent base within the Colwyn Bay area.***

The meeting closed at 7.55pm.
